

Contraceptive Counseling: *Training New Counselors*

modification date:	July 23, 2013
content:	Contraceptive Training Models and Insertion Videos

Overview

This document provides information on how to obtain contraceptive models and long-acting reversible contraception (LARC) insertion videos. Using models during a counseling session with a patient is essential for helping to visualize her contraceptive options. Contact your local pharmaceutical representative to get models of contraceptive methods for educational and training purposes.
