

Effective Staffing and Management: *Team-Building*

modification date:	August 5, 2013
content:	Reindeer Speculum

Overview

Incorporating crafts and decorations to celebrate team milestones, individual achievements, and holidays can contribute to a positive staff and work environment.

Materials

- Sterilized speculum
- Craft “pom poms” for the nose (*Approximately \$5 for a bag of multicolored balls*)
- “Googly eyes” (*Approximately \$5 for a bag of assorted sizes*)
- Brown chenille stems or “pipe cleaners” (*Approximately \$3 for a bag of 100*)
- Hot glue gun and glue stick

Instructions

Wrap one brown chenille stem around the “neck” of the speculum. Cut additional stems and twist to form antlers on each side. Use the glue gun to attach the googly eyes at the top of the speculum and a red pom pom at the end. Display in your practice area for patients to see during the winter holiday season.
